WARNING!!! You MUST read Books 1-3 of The Lost & Found Series before reading the prequel. BECCA CAMPBELL is a twenty-three year old woman who will do great things in her life. But, that's her future... Right now, the year is 1999. While the world is concerned with surviving Y2K, Becca's focus is trying to make it through the darkest year of her life. She's lost both of her parents in a tragic accident, bills seem to be piling high, her car is on its last leg, and she's trying to save for nursing school. No matter how many hours she works; she can't catch a break. NOTHING in her world is going right. That is, until, Mr. Tall, Dark, and Pompous walks into her life, turning it right-side up, no matter how much she fights it. He is everything she didn't want to need and everything she now realizes she can't be without. This is the beginning of Becca's epic journey: Experiencing great love. Losing herself. Being Found.
