I am burdened by the increasing numbers of believers who know the Lord very superficially. They do not love Him. They find the time spent in His presence uninteresting. Often they do not know what to say to Him. We live in a generation that does not provide for quiet.

Everything is moving fast. There is so much activity going on. The leaders of the day, be they in worldly circles or in the Church, are activists. Those who withdraw to wait on God are few. We believe that when believers in an increasing number, begin to withdraw and spend time alone in God's presence, something will happen to them. They will know God and then they will seek Him more and more. They will serve Him from His presence and things will be different. They will make spiritual progress. We send out this small book with prayer that the Lord will use it to help some make spiritual progress by withdrawing to seek God, know Him and obey Him. If you have been blessed through reading this book, please help put a copy in the hands of another believer and pray that he, too, will be blessed.
