Men don't require dark influences to unleash evil. Necrominus' power has disappeared, but so too has Caige's boulderclaws. Despite the peace created, new troubles have emerged from the wake of recent events. Creatures he once viewed as enemies join his side, while those he hoped would protect humanity turn to dark ways, increasing their power. All Caige desires is to reclaim Rocklaar and return its people to the life they once knew, if only his enemies were fond of the idea.
